

“Unapproved”

Road Construction Site Meeting Minutes

105th Street NW, Rice, MN 56367

Tuesday, June 23th, 2020 7:30 am

Attendees: Julie Johnson, Bill Little, Steve Wollak, Watab Township Supervisors, Lloyd Erdmann, Nick Anderson, Brian Erdmann, Todd Waytashek

Meeting called to order at 7:30am.

Discussion about the north side of roadway shrub and branch cutting. Brian Erdmann, Rice Contracting, requested the branches and shrubs along the north side all be cut to 10-15 feet height and shrubs cut back to the shoulder stake. He cannot get his equipment into the ditch with the multiple locations of shrub branches in the Right Of Way (ROW).

Discussion was held to call Midwest Tree Service to come and perform the work necessary as the township had used them in the past and Midwest Tree did quote this earlier in June 2020. Julie Johnson called Mike at Midwest Tree who was available to come to the site and look at what was needed. Mike arrived and Watab Supervisors walked the ROW with Midwest Tree to determine the price.

Midwest Tree quoted \$1900.00 to clear branches and shrubs to ROW on north side. Midwest Tree will be able to come in Tuesday or Wednesday (same day or next) and get the work completed. Motion by Steve Wollak to approve the quoted price. 2nd by Bill Little. Motion Carried.

Motion by Bill Little to adjourn the meeting. 2nd by Steve Wollak. Motion carried. Meeting adjourned.

Respectfully submitted by Julie Johnson

Watab Township Supervisor
